

# sportFM3EP radio communication system

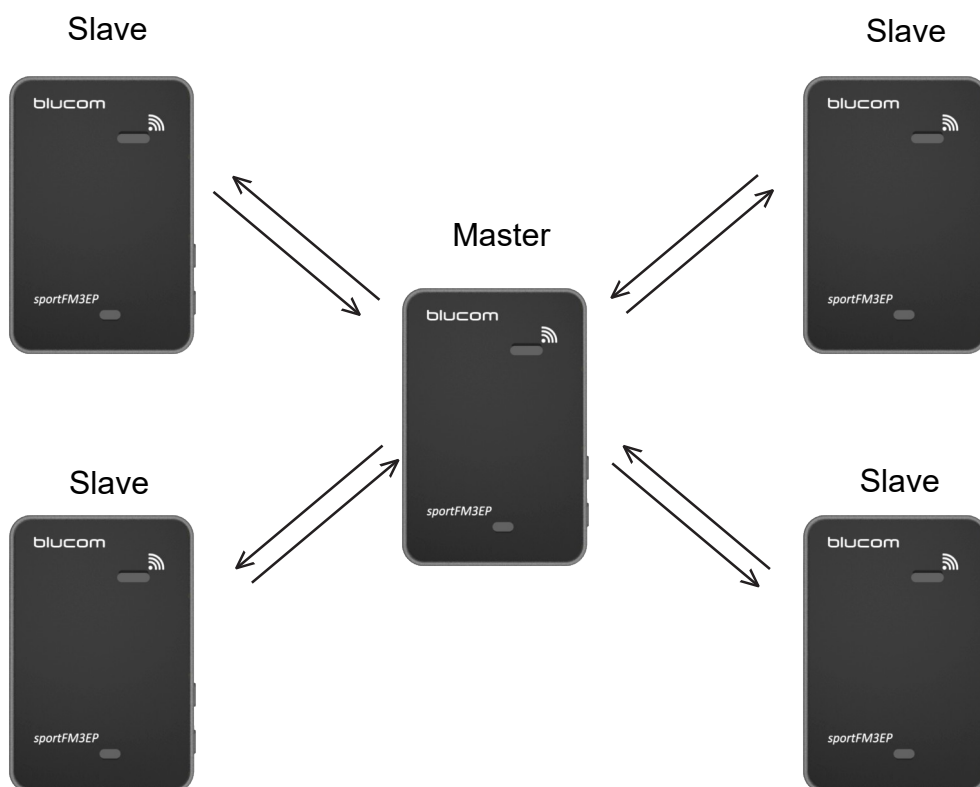

## STRENGTHS

- Full duplex continuous audio communication.
- Hands-free talk and listen with nothing to press.

## Theory of Operation

Only the master communicates with the paired (1 to 4) slaves.  
 For faster network connections always first turn on the master (green).

## Optimize the Li-ion battery life.

For a longer battery life always charge it before use, never after use.

For storage keep partially discharged, preferably about 60%

- (after use on one game)

### Additional functions

AGC Automatic Microphone Sensitivity

Clear Voice DSP, Noise filter
